LAND IN POLK AT $22

Valuations Made on a Basis of About 30 Per Cent—The Different Classes.

The assessors of the townships over the county met with the county court Thursday afternoon to fix a uniform schedule of assessment on all classes of property for taxable purposes for the coming year. All of the fifteen assessors were present with the exception of the one from Hopkins township.

The assessment on several classes of property was discussed and the following is the schedule that was adopted by the assessors:

Horses, 1 year old, average $40.
Jacks and jennets, $75.
Mules, $50.
Yearling heifers, $5.
Yearling steers, $8.
Two-year-old heifers, $8.
Two-year-old steers, $12.
Three-year-old steers, $15.
Cows, $15.
Bulls, $15 to $30.
Sheep and goats, per head, $1.
Hogs, 1½ cents per pound.
Money and notes, 50 per cent.
Corn, held for speculation, 15 cents per bushel.
Wheat, 25 cents a bushel.
Oats, 10 cents per bushel.
Farm machinery, $15 and up.
Pianos, average $50.
Household goods, not less than $25.
Automobile, one-third of actual value.
Wagons, buggies and carriages, one-third of actual value.
Real estate in Polk township, at an average of $22 per acre.
City property in Maryville, one-fourth actual value.

JACOB AWALT MARRIED IN CRESTON WEDNESDAY

Jacob Awalt, for many years in the employ of the Curfman Bros.' lumber yard of this city, was married Wednesday night at Creston, Ia., where he is manager of the Jackson-Sherry lumber yard. The Creston Daily Advertiser of Thursday had the following account:

Mrs. Dora B. Elliott, for many years a resident of this city, and Mr. Jacob Awalt, who recently came to Creston from Maryville to take the foremanship of the Jackson-Sherry lumber yard, were united in marriage Wednesday night at the home of the bride, on West Adams street. The ceremony, which was of a simple form, was conducted by Rev. John T. Walker, pastor of the Congregational church. It was witnessed by only the sons of the groom and a few other relatives.

Mr. and Mrs. Awalt will continue to reside in this city. The best wishes of a host of friends are extended to them.

COMETS WON EXHIBITION GAME WITH NORMAL

The Comets bagged victory No. 1 in a six inning exhibition game with the Normals Thursday afternoon, the final tally being 7 to 1. Oswald and Secor pitched three innings each for the Normals and allowed their regular teammates to get but a few hits. Errors pushed the Comet score up several notches.

The Normal boys landed three hits, which, however, brought no results.

In the last inning the Normals were given two passes in succession, which filled the bases and pushed the one lone tally over the pan.

Left for Trenton.

Miss Helwig left Friday evening for her home in Trenton to spend a few days attending to business matters.

R. J. BALL TELLS IN GALLATIN DEMOCRAT OF MARYVILLE VISIT.

GOOD WORDS FOR TAYLOR

Normal President is "Full Six Foot Six, Bare Headed and Bare Footed."

Robert J. Ball, one of the editors of the Gallatin Democrat, and who attended the track meet in Maryville last Saturday, had the following in this week's issue of his paper:

We attended the second annual track meet and inter high school oratorical contest at Maryville last week, and were most agreeably surprised at the great interest manifested by the students, teachers and friends of the schools throughout the territory comprising the Northwest Normal district.

On Saturday morning we had a pleasurable automobile ride about the city. We were decidedly impressed with the fact that Maryville is an exceptionally good town, on the occasion of our first visit there some few years ago, and this sight seeing tour only added a deeper conviction that our first impression was right. It has hundreds of palatial homes and acres of well kept lawns that indicate a healthy sentiment of home pride, while its more than twenty miles of brick paved streets, fine free public library and elegant church edifices, immense modern high school building and ample ward school facilities, handsome Elks' club home, brick railroad stations, a fine modern hospital that looks inviting even to the well man, factories, up-to-date stores, electric light, water and sewerage system, tell their own story most impressively of the public spiritedness, push and progressiveness of its citizens.

President Taylor of the Normal is to be congratulated on the success of the meet. And especially is he deserving of commendation for the good work he is doing for the Normal under most trying difficulties. The new building, one of the largest and most magnificent in the state, is not yet complete, but soon will be, yet under these and the other exceedingly trying circumstances existing when he assumed control, President Taylor has forged ahead, allayed practically all the ill feeling and prejudice existing against the school and is rapidly bringing the schools and citizens of the counties comprising the district into a solid united fighting force for the upbuilding of the institution. He is clever, companionable, unpretentious, solid and firm in right convictions but with plenty of diplomacy, short in stature but broad in mind, and in ability and fitness for the position measures full six foot six, bare headed and bare footed.

We are under lasting obligations to the clever newspaper "gang" of Maryville, a most potent factor in the push and progress of the town, for the hospitality extended us while in their city.

LOWRY TO HOPKINS SCHOOLS THIS YEAR

W. R. Lowry, who has been superintendent of the Barnard schools, has been elected superintendent of the Hopkins schools for the coming year. G. F. McKinney, who was superintendent of the Hopkins schools the past year, has decided to return to his farm.

Mrs. Floyd Brown and son, Kenneth, and her sister, Miss Nella Allen, of Galena, Kan., who is visiting her, went to Chillicothe Friday to visit their brother, Dr. E. Allen.

Miss Maud Lytle of St. Louis, who has been visiting her sister, Mrs. C. C. Hellmers, for several weeks, returned to her home in St. Louis Friday

WILL MAKE REPORT

COMMERCIAL CLUB COMMITTEE WILL APPEAR BEFORE COUNCIL.

WANT AN EXPERT TO COME

Mayor Will Name Appointees for Next Year—City Hall Matter to Come Up.

Very important matters are to come up at the city council meeting this evening. One will be a discussion of the water question and another will be the proposed new city hall building. S. G. Gillam, chairman of the Commercial club committee having charge of the water question, will appear before the council and urge that body to secure an expert engineer to come here to investigate the water plant and see what needed improvements are necessary and to find out the cost of the water plant. The advice of an expert is needed at this time, the committee says, as matters have arisen that only an engineer can pass upon. It is thought that some solution of the water question will be had in a few weeks.

The committee having charge of the plans and specifications for the proposed city hall building will report at the meeting this evening. The committee is composed of Henry Foster, A. A. Searcy and Lincoln Bent. Mr. Searcy has drawn the plans and has the specifications ready for the inspection of the council. The indications are that the council will approve the plans and that a date will be set to vote upon the proposition of a bond issue of $15,000 for this purpose.

Mayor Robey will recommend to the council his appointments for the coming year. No changes will probably be made except in the fire chief.

SHOW BAD CONDITIONS IN STATE INSTITUTIONS

Columbia, Mo., May 4.—That startling conditions exist in Missouri almshouses; that state penal institutions are often schools for crime in which first offenders associate with hardened criminals; that the state asylums and hospitals are inadequate and not correctly managed, and that jails in many counties are in mediaeval condition, are declarations in the annual report of the state board of charities and correction, compiled and edited by William T. Cross, secretary of the board. The report is a book of nearly 200 pages.

The blame for the conditions in the state penal and eleemosynary institutions set forth in the report is laid to the niggardly policy of the legislature toward the institutions.

That the state of Missouri is neglecting its duty toward dependents and defectives is the tone of the report, which considers conditions from a socialogical standpoint. William T. Cross, secretary of the board, is a specialist in sociology and views advocated are those indorsed by leading sociologists everywhere. The report merely calls attention to existing conditions and states wherein the methods and equipment is lacking. State eleemosynary institutions are almost wholly lacking in modern facilities for caring for the dependents and defectives intrusted to their care. For instance, many state institutions are not fireproof and lack even adequate fire escapes.

The report deals with the situation in plain language, but blames the lack of funds for proper buildings and equipment and the small appropriations of the legislature for this purpose rather than the officials, who are, however, by implication, charged with more or less incompetence.

Less than 10 per cent of the feeble-minded persons in Missouri are confined in institutions. Feeble-minded, blind and epileptic negroes are not provided for in any institutions except the county poor-houses, where suited to their condition. Many feeble-minded persons, mildly insane, and epileptics are also to be found in the Missouri county poor-houses.

There is no provision for dependent and neglected children, except the state reform schools, where they are classified as delinquents, and dealt with as are children sent to these institutions for incorrigibility and misconduct.

Less than a third of the blind children of school age are receiving instruction in the state schools for the blind, and almost as many deaf children are without care in the way of education.

At the state prison and in other penal institutions first offenders are herded with hardened criminals, so that a jail or penitentiary sentence sends young first offenders to a veritable school of crime, where they learn from more experienced criminals instead of being reformed and returned to society, made better members of society.

News of Society and Womens' Clubs

Sakes alive! You don't think there'll be a million tin cans, do you?

Reception at Elks' Club.

Mrs. Frank W. Crow and Mrs. Noble C. Covey have issued invitations for an at home Wednesday afternoon, May 10, at the Elks' club.

No, you don't dare visit the city junk pile!

Post Card Shower.

The pupils of the Jefferson ward school learned that Thursday was the birthday anniversary of their janitor, W. H. Frazee, and gave him a shower of bouquets of wild flowers and post cards. He was called to one of the rooms to raise the refractory window, a boy standing on either side of the window ready to give assistance if needed. As Mr. Frazee started to raise the window the boys pulled a string that tilted a paper basket at the top of the window and showered him with ninety postcards.

The women are beginning to think they will have to raise more money to pay for those tin cans.

The Elks' May Dance.

The Elks will give a dance at the club rooms on next Tuesday evening, May 9.

Everybody is coming uptown to see the tin cans brought in.

Will Be the Next Bride.

Miss Ethel Wells secured the ring in the bride's cake at the wedding of Miss Bessie Belle Alexander and Earl Evan Crabb Wednesday night, and Miss Vida Heflin received the piece of cake containing the thimble. The cake was cut by the bridesmaid and passed to the guests by the bride. Two charivari parties visited the Alexander home the night of the wedding before the departure of the guests. One party represented the entire neighborhood north of the Alexander farm and the other party the neighborhood on the south. The party from the north came first, the ladies being served to ice cream and cake and the gentlemen to cigars. The party from the south same singing "My Old Kentucky Home." They were treated in the same manner as were the preceding party of merrymakers. As they took their departure they showered the bride and groom with bouquets of violets and sang "Goodbye, My Bluebells."

The bride was the recipient of many valuable and beautiful presents in cut glass, silver and linen and a piano, the last the gift of the groom.

The guests at the wedding were: Mr. and Mrs. I. V. Moore and Mr. Moore's mother, Mrs. Ira Moore of Portland, Ore., who is visiting him; Mr. and Mrs. Charles Richardson of Alanthus, H. J. Becker, Dr. L. O. Bricker, Mr. and Mrs. J. H. Alexander, Miss Gladys Alexander, Miss Blanche Alexander, Miss Velma Heflin, Miss Versa Zoe Smith, Miss Pearl Jackson, Miss Nellie Gonser, Miss Grace Hood, Miss Euphamia Heflin, Miss Ethel Wells, J. Newton Alexander, Everett Florea, N. A. Lincoln, Harry Gonser, Roy Jackson, George W. Alexander, Mr. and Mrs. Z. R. Alexander, Mr. and Mrs. C. E. Florea, Mrs. P. L. Fite.

Mr. and Mrs. Crabb expect to leave Saturday for their home in Portland, Ore. Mr. Crabb is the eldest son of R. L. Crabb of Houston, Texas., formerly the well known merchant at Bedison. He is a graduate of the old Maryville seminary and has held good business positions ever since. The last four years he has been employed in the offices of the Oregon and Washington Navigation company at Portland. The bride is one of Nodaway county's sweetest girls and she leaves for her new home in the west with the kindest wishes of many friends for a long and happy wedded life.

How many, do you suppose, will Mayor Robey have to count tomorrow?

For Oklahoma Visitors.

Dr. and Mrs. Leslie E. Dean will entertain with a dinner Friday evening in honor of Dr. and Mrs. Elmer Hughes of Shawnee, Okla., who are in the city on a visit to Dr. Hughes' mother, Mrs. J. M. Hughes of West Twelfth street. The company will include Dr. and Mrs. Hughes, Dr. and Mrs. Charles T. Bell, Dr. and Mrs. William Wallis, Jr., Dr. and Mrs. F. R. Anthony, Miss Birde Shelton and the host and hostess.

Do you suppose he will be able to count them tomorrow?

It'll be the dandiest cleanup day tomorrow.

Dig out those old tin cans and let the flowers grow.

BIG ATTENDANCE AT GOOD ROADS MEETING FRIDAY.

HOPKINS SENT 7 AUTOS

"Saints Highway," From St. Paul to Kansas City, is Being Boosted—Will Form Organization.

The good roads meeting Friday afternoon in the Commercial club rooms was well attended, the largest delegation being present from Hopkins. Seven automobiles brought the Hopkins people, headed by Mayor C. E. Donlin, to the meeting. Other towns had delegations, too.

The meeting was held for the purpose of promoting the Des Moines and St. Joseph automobile road through Nodaway and Andrew counties to St. Joseph. A general discussion was had of the proposed automobile road. The transcontinental road is to be known as the "Saints Highway" and at the present time the route has been selected from St. Paul, Minn, to the Nodaway county line. The route through this county and on to Kansas City still remains to be selected.

W. Gerlach of Sharpsburg, Ia., president of the Des Moines and St. Joseph Automobile Road association, and Walter Swigart and John Wolf, also of that town, were in attendance at the meeting and explained the object of the movement and what had been done.

An organization will probably be perfected at this afternoon's meeting.

The people of Nodaway county are very enthusiastic over the proposition. Many of the towns are interested in the movement, and since this is the first meeting held in this county to discuss it, it is thought that great good will come from it.

The following are the out-of-town people present at the meeting:

Mayor C. E. Donlin, A. Lewis, G. C. Shinabargar, S. S. Browne, C. L. Adams, George M. Ulmer, J. B. King, E. A. Hedinger, W. L. Morehead, W. W. Alexander, R. Coleman, A. L. Sheley, G. W. Jeffries, F. O. Litsch, William French, J. C. Pistole, M. McCleave, F. G. Blessman, Andrew Mosby, E. C. Wolfers, A. F. Beinert, Fred Wooldridge, D. A. Northover, E. R. Brown, E. C. Wolfers, Jr., all of Hopkins.

J. I. Hall, Savannah.

J. P. Scowden, Parnell.

William McKee, C. G. McMillan, C. A. Wolfers, J. W. Wiley and J. L. Neal of Pickering.

J. H. Campbell, S. H. Conlin and S. J. Icke of Barnard.

A. G. Bentley and Fay Casteel of Ravenwood.

HOTLY CONTESTED ROAD CASE BEFORE THE COURT

The county court was busy the greater part of the day Friday hearing a road case. C. J. Eckert, Omer Catterson and others petitioned the court for them to order vacated a road about three miles north of the city that was a mile long. The petition was presented to the court some time ago.

A remonstrance petition signed by the Sherlocks, Tobins and many others was filed with the court, saying in their petition that the road is necessary.

Shinabargar, Blagg & Ellison and W. L. Johnson are representing Eckert and others, while Cook, Cummins & Dawson are representing the Sherlocks, Tobins and others.

The petition of Eckert, Catterson et al. claims that the road is unnecessary and is a burden to keep it up. They also say that the road is not used much.

It is very likely that an appeal will be taken to the circuit court.

The case is hotly contested, and at press time was not completed.

TRACK TEAM TO TARKIO TO COMPETE

The Maryville high school track team went to Tarkio Friday morning, where they will take in a track meet to be given under the auspies of Tarkio college. Prof. Horton accompanied the team, which was composed of Fisher, Kane, Vandersloot, Denny and Quinn. They made the trip over in an automobile.

Three Ball Players Arrived.

Henry Griffin, O'Laughlin and Johnson arrived in Maryville Friday to join the Comets. Griffin was on the team last year.

Miss Christina Wood of Hatfield, Mo., who has been visiting her sister, Mrs Silas W. Skelton of West Sixth street, the past week, returned to her home Friday.

WOMAN SUFFRAGE DEBATE AT NORMAL

Another suffrage debate was hotly contested in the chapel exercises at the Normal Friday morning. Miss Pauline Parr defended the rights of her sex and Mr. Richardson opposed her. The result was put to a vote of the school and the girls, who have a large majority, showed their prejudice and incapability as voters by voting unanimously in favor of Miss Parr. The boys, in order to form an opposition, could take no other course except to vote unanimously for Mr. Richardson.

Mrs. Routh is Very Sick.

Mrs. Jurilda Knabb, living west of the city, was called to Hopkins Friday by the dangerous illness of her cousin, Mrs. David Routh.

REPORT NOT TRUE

STORY IN KANSAS CITY STAR WAS EVIDENTLY "INFLUENCED."

CLYDE REMAINS ON MAP

Merchants Were Offered Free Building Sites and a Bonus at the Junction.

Thursday evening's Kansas City Star had an article about Clyde moving and merging itself with Conception Junction. Newspaper correspondents have circulated the report that Clyde is to be merged with Conception Junction. The people of Clyde know nothing about moving their town to the junction or merging it with the junction, and Clyde is still located at the same old stand and will be for some time to come. The article from the Star is as follows:

The village of Clyde, Nodaway county, will pack up next week and move itself, bag and baggage a mile west of its present location and merge with Conception Junction to grow, in time, into a Northwest Missouri metropolis. By a week from Saturday there will be nothing left of Clyde except the townsite and memories.

Years ago, before any railroads were built in that section Clyde was a prosperous village. Then the Wabash and the Chicago Great Western built through Nodaway county, and where the two roads crossed, a mile west of Clyde, the village of Conception Junction sprang up. A general store, a blacksmith shop and a livery stable were established there and in a few years the junction grew into a village which rivaled Clyde. Then began a struggle for supremacy which continued for several years, but is now to have a happy ending.

A year ago the Great Western announced that it would remove its division headquarters from St. Joseph to Conception Junction, in order to equalize the mileage between Des Moines and Kansas City, and work on terminals, including tracks, shops and roundhouse, was at once started. These improvements, which have cost something more than a quarter of a million dollars, have just been completed, and the division forces formerly stationed at St. Joseph have been transferred. With the building of the railroad shops numerous new business houses and other enterprises have been in course of construction at the junction and announcement has been made that the Wabash will follow the lead of the Great Western and make the new town a division point on that road. In less than a year Conception Junction's population has more than doubled, and it is predicted that within the next five years it will become the principal town of the extreme northwest part of the state.

Realizing that a town without a pay roll cannot last in this day and age, the business men of Clyde some time ago began to make preparations to desert that place. Then, when an offer was made by the Great Western to provide, without cost, a lot in Conception Junction for every business house in Clyde, the village's fate was decided. In addition to the free lots, it was announced that $50 in cash would be allowed each firm for the expense of removing its building to the new town, and in the next week or two the highway between the two places will be congested with storehouses on wheels, making their way westward as rapidly as strings of mule teams and steam road machines will take them.

W. H. Adkins of Possum Walk was in the city on business Friday and visited old friends while here.

Miss Edith Cannaday, a state Normal student, went to her home at Albany Friday to visit over Sunday.

Mrs. Mary E. Butt of Clyde was in the city Friday on business.

CHOSEN LIBRARIAN

MISS GRACE LANGAN RE-ELECTED FOR ANOTHER YEAR.

TO IMPROVE GROUNDS

Library Board to Make Improvements—A good Report for the Month of April.

The library board met Friday afternoon in the library building to select the librarian for the coming year. Miss Grace M. Langan was re-elected librarian and Miss Louella Grems assistant librarian. Levi Smith was selected as superintendent of the library grounds and janitor of the building.

The library board was to have met Thursday evening, but lacking a quorum, the meeting was held Friday.

The board also decided to improve the grounds by planting flowers, and authorized President McDougal of the board and George Robb Ellison to look after and arrange for the planting of flowers.

Miss Langan has been librarian for the past two years. She has given satisfaction to the patrons and members of the board, and her re-election will meet with general approval.

The report of the librarian for the month of April follows:

Books and magazines loaned	1,593
Average per day	52
Total number readers in reading rooms	2,262
Average per day	75
Readers' cards issued	12
Total collection	$13.76
Compared with April, 1910:	
Increase in circulation	217
Increase in attendance	215
Increase in collection	$1.56

KEEP CLEAR OF THE CITY JUNK PILE

Be sure, boys and girls, be very sure that you keep away from the city junk pile in gathering up the old cans and other old pieces of tinware for "Tin Can Day" next Saturday.

If you should forget and take some cans off the city junk pile in your eagerness to have a large number to bring to Mayor Robey you will forfeit all your prize money.

Get your cans from the alleys and back yards. There'll be a-plenty.

TEACHERS FOR THE GRAHAM SCHOOLS

The teachers for the Graham school were elected Thursday night at a meeting of the school board. J. M. Decker was elected principal, Mrs. J. H. Crawford grammar teacher, Miss Lucy Black intermediate, and Miss Stella Davis primary.

Mrs. N. E. Taylor of Burlington Junction came to Maryville Friday and will visit her son, Walter Taylor, and family, living southwest of the city.

Mrs. T. H. Cook returned Friday from a day's visit with relatives at Burlington Junction.

To Conception.

The Normal base ball team will go to Conception Saturday morning to play the Conception college team.

Mr. and Mrs. John Sparks of Parnell were among the visitors in town Friday.

TEN COMMANDMENTS FOR ROAD WORK.

(Journal of Agriculture).

I. Thou shalt everlastingly keep at the good work, and let nothing discourage thee.

II. Tack thou a board over those treacherous holes in bridges, and thereby save the bones of both thine and thy neighbor's valuables horses.

III. Thou shalt thin out all brush and hedgerows bordering the road, that the sun and the wind of thy Creator may keep thine highway dry, and that passers-by may not be suffocated unto death.

IV. The drag being thy handiest and most efficient weapon ,thou shalt wield it twice a week at the very least. Blessed is the man who useth the drag for his fellow man's sake.

V. Thou shalt open all drain ditches at the side of the road bordering thy farm, lest the water collect in low places and form a mire in which thou or thy neighbor may get "stuck," whereupon the recording angel listeneth with great pity to wicked words and snapping of the whip.

VI. Toss thou those aggravating and damaging stones from the track of thine highway; for thou grittest thy teeth in anger and thinkest wicked sayings, when thy vehicle striketh them. And they do knock the "stuffing" right out of thy buggy and wagon wheels. Likewise do they trouble and injure the noble horses.

VII. If thy neighbor be a shirker and doth not his full share of improving the roads, let not this put a damper on thine enthusiasm; but rather set a good example and show by the works that thou art truly an honest "booster," and not a hanger-on. Then shall thy neighbor blush with shame and feel constrained to follow thy shining example.

VIII. When thou drivest to town, put thy spade in the buggy. If thou comest to one of those ruts which do cause thee and thy neighbor to swear when passing over, fill thou it with a few spadefuls of dirt. Thy neighbors will bless thee for it, and thou mayest save a big repair bill on thine own vehicle. And the low places at the approaches to bridges, thou mayest save a big repair bill the same good effect.

IX. If thou hast been guilty of throwing brush or any kind of trash into one of those small drain ditches along thy farm go thou straightway and remove the obstruction. Or if, thy neighbor has committed a like offense thou shalt intercede with him till he also removes those hindrances and opens up the ditch. For a road with ditches across it, or down the main track, is an abomination and a curse in the sight of every mortal who laboriously travels over it.

X. Do thou all this and as much more as seemeth good. Preach thou to thy neighbor, and to thy neighbor's son, that good roads are never a happen-so, nor a vegetable that springeth up in a single night; but that they are a natural result of mortal man's untiring efforts. And remember thou these points:

Open ditches at each side of the road will perfect the drainage. The drag will smooth and work the dirt to the center of the roadbed. Sun, wind and travel will aid in completing the requirements by drying and packing the earth in place.

See thou that all these conditions exist wherever the road touches thy farm and the traveling public will raise on tiptoes and call thee blessed among men.

Mrs. William Wallis, Jr., and Mrs. Fayette Bellows spent Friday afternoon with friends in Hopkins.

Free Seed Corn.

In order to stimulate the farmers of Nodaway county to take up the Missouri Farmer and Breeder subscriptions recently sold to the banks and merchants of Maryville, we will throw in a quart of pure bred seed corn free. This means that you get the Missouri Farmer and Breeder for three years for $1.00 and a quart of pure bred seed corn and a copy of the Missouri Farmers' Hand Book, as soon as it is ready for distribution—all for $1.00. The Missouri Farmer and Breeder is Missouri's great new farm and stock paper. It is published in the home of Missouri's great agricultural college, and keeps you in touch with what this splendid institution is doing to make the Missouri farmers' work more profitable and pleasant. A quart of pure bred seed will plant a quarter of an acre of ground and thus give you plenty of seed to plant your entire next year's crop—seed that will produce ten to twenty bushels more to the acre. This is a fine chance for your boy to enter the county corn contest with pure bred seed. Leave a dollar with one of the firms mentioned below and tell them whether you want Reid's Yellow Dent or Boone County White. We will see that the seed reaches you in short order:

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results, is pleasant to take and does not gripe. It is especially good for all those who cannot stand a violent purgative.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 513 Caldwell building, Monticello, Ill.

YOUNG MAN RECEIVED A PARDON

(Skidmore New Era.)

Prince Trapp of Graham, Mo., received a telegram Friday from Salem, Ore., that his son, Demas, had been unconditionally pardoned from the state penitentiary at Salem, Ore., and would be at home with his Graham relatives in a few days.

It will be remembered that on July 17, 1908, Demas Trapp got into trouble at Huntington, Ore., and shot a man, for which he was sentenced to the penitentiary for life. Now, without any outside efforts whatever being brought to bear on the case, the authorities of Oregon have issued young Mr. Trapp a full pardon, which brings untold joy to the hearts of his parents, relatives and friends of Graham and Nodaway county.

TEACHERS FOR SKIDMORE SELECTED

The Skidmore school board met this week and selected the corps of teachers for the coming year. Prof. Schefelbush was elected superintendent, Miss Anna Gilleland principal, Miss Hazel Caywood, Mrs. Bess K. Miller, Miss Maud Linville and Miss Celia Hunt.

Mr. and Mrs. Theodore Snowberger of Graham were city visitors Friday.

Ex-Judge J. H. Campbell of Barnard was in the city Friday.

Mrs. James Devine of Bedison was shopping in the city Friday.

Dr. and Mrs. W. B. Heryford of Pickering were in the city Friday.

At the Local Play House.

The proprietors of the Crystal have secured for the season Mr. James I. King of Milwaukee to assist in the welfare of their theater and airdome, which will be completed in a short time. Mr. King will be remembered as he appeared here in numerous musical comedies, including Grace Cameron in "Dollie Dimples," carrying the role of Fred Hudson, the college kid of West Point, including forty chorus girls. Mr. King comes highly recommended by press and public and will offer the people the best money and experience can produce, as he is a man who is capable in every respect of handling the attractions of the season, and will at all times maintain clean, refined and guaranteed attractions. Remember nothing will be shown or said to offend the most refined taste, as he caters to the high class patrons of the theatrical world and especially invites the ladies and children. Remember they have lady ticket agents and receivers, also ushers when required, and at all times you will see an entertainment free from that vulgarity maintained at most theaters. The management feels lucky in securing Mr. King.

AN UP-TO-DATE DRUGGIST

says it is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equaling our grandmothers' "sage tea" has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer.

Nowadays when our hair comes out or gets faded or gray instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur Hair Remedy.

Druggists are authorized to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

21 INDICTMENTS FOR DYNAMITING

McNamaras and McManigal Are Charged With Murder.

SECRECY SURROUNDS SESSION

Prisoners Will Be Arraigned This Afternoon and Date Set for Pleas—McManigal Is Chief Witness Before Grand Jury.

Los Angeles, Cal., May 5.—Twenty-one new indictments, according to reliable authority, were voted by the grand jury against the accused dynamite conspirators, James and John McNamara and Ortie McManigal.

Nineteen of the indictments, it is understood, are against the McNamaras alone and charges them with murder in connection with the blowing up of the Los Angeles Times newspaper plant on Oct. 1, and the consequent deaths of twenty-one men. The other two are said to be against McManigal as principal and the McNamara brothers as accomplices in the Llewellyn iron works explosion Christmas day, in which no one was killed.

The prisoners will be arraigned this afternoon and a date will then be set for them to enter their pleas.

Close Secrecy Preserved.

McManigal was the principal witness heard by the grand jurors, about whose movements and meeting place a veil of secrecy was thrown. When the jurymen assembled, they were told to go quietly one by one so as not to attract attention to the jury room of Judge Willis' court in the hall of justice, next to the county jail. In the regular grand jury room dummy jurymen were quartered while bailiffs mounted guard at the door.

Then witnesses were directed to Judge Willis' court room. When McManigal was summoned he was taken from his cell and thence escorted over the bridge leading from the prison into the hall of justice and the jury room. He was examined for more than two hours. Immediately afterward the grand jury adjourned.

The grand jury heard several witnesses besides McManigal.

SAYS "MURDER IS MURDER"

Former President Roosevelt Discusses Prosecution of McNamaras.

New York, May 5.—Ex-President Theodore Roosevelt has a signed article entitled "Murder Is Murder" in the Outlook this week, dealing with the dynamiting of the Los Angeles Times and the arrests recently made by Detective Burns. Mr. Roosevelt says:

"The arrest was made in consequence of testimony secured by Mr. Burns, who has been Mr. Heney's right hand man in bringing to justice grafters who violated the law of the United States in Oregon and grafters who violated the laws of California in San Francisco. He has proceeded with impartial severity against the most influential politicians and the richest business men. It happens that the men whom he has now arrested are members of a labor organization; just as men whom he formerly arrested were members of the Republican or Democratic parties or of great and wealthy corporations.

"It would have been a wicked thing in the former cases with which Mr. Burns had to do for leading Republicans or Democrats to combine to break him down and support the accused merely because the accused belonged to their political parties, and it would have been a wicked thing for big capitalists and big business men to make common cause with the capitalists against whom he proceeded merely because they were capitalists. Wherever any politician of either party or any capitalist did actually take this position, whether in the case of the men prosecuted by Mr. Burns, or in any other case, the Outlook unhesitatingly and severely denounced them. In exactly the same spirit I state the convictions of the Outlook in expressing its hearty reprobation of the conduct of those labor leaders who, without waiting to know anything of the facts of the case, have at once flown publicly to the defense of the alleged dynamiters whom Mr. Burns has now arrested, and who talk about the arrest as being part of a conspiracy against labor unions.

"No worse service can be rendered by labor union leaders to the cause of unionism."

DEFI TO DOUBTERS OF BIBLE

Bryan Challenges Them to Produce Volume Superior to It.

Chicago, May 5.—William J. Bryan, speaking at the tercentennial celebration of the King James Translation of the Bible, challenged materialists and those opposed to the theory of divine inspiration of the bible to show they were right by producing a book superior to that volume.

"Atheists and materialists declare that the bible is merely the work of man," said Mr. Bryan, "and that it was written under the limitations that apply to human wisdom. Taking this position, they necessarily must contend that, unless man has degenerated in ability and declined in wisdom, he now can produce a book equal to the bible. Let them product it."

MADERO ASKS DIAZ TO RESIGN

Urges Him to Publicly Announce Intention of Quitting Office.

CARBAJAL HAS A HARD TASK

Seeks to Persuade Insurrectos Executive Will Relinquish Presidency After Peace Agreement Is Put Into Effect Rebels Have Taken Mazatlan.

El Paso, Tex., May 5.—Dr. Vasquez Gomez claims that a good disposition to arrange the matter in dispute was manifested at the opening session of the peace conference and that a definite agreement probably could be effected within the next few days. The negotiations will be resumed at 4 o'clock this afternoon.

Judge Carbajal of the supreme court of Mexico represented the government, while Dr. Vasquez Gomez headed the rebels, assisted by Francisco Madero, Sr., with Senor Pino Suarez as legal adviser.

It was stated at the Madero camp by one of the insurrectos that the resignation of President Diaz finally was included in the revolutionist demands.

It is believed Judge Carbajal will seek to have this question excluded from the provisions of the peace agreement, though it was rumored that he would repeat various assurances already made to the insurrectos by President Diaz himself to intermediate persons that he intended to relinquish the presidency after the peace agreement was put into effect.

The site of the peace conference was not chosen for the convenience of the newspaper men. It is on the Mexican side of the Rio Grande, midway between Juarez and the insurrecto camp. As General Navarro will not allow the reporters to pass through Juarez, it is necessary to make the trip to the scene of the peace negotiations by way of the foot bridge, near the El Paso smelter, two miles beyond the meeting place of the conferees, which, in addition, necessitates the retracing of two miles more on the Mexican side.

Madero Appeals to Diaz to Resign.

The peace commissioners of the revolutionists formally presented to Judge Carbajal, the federal envoy, a statement signed by Francisco Madero Jr., appealing to President Diaz to make public the assurances given privately that he intended to resign.

After offering his own resignation as provisional president of the republic, Senor Madero suggested that both President Diaz and Vice President Corral resign and that Senor de la Barra, the minister of foreign relations, become president ad interim until a general selection shall have been held.

The statement, couched in most courteous Spanish phrases, informs President Diaz that there is no other way out of the present difficulty and that a word from him will bring peace in a few days.

Senor Madero, in his statement, calls upon President Diaz particularly to make known to the people of Mexico his "irrevocable resolution to retire from power as soon as peace is established in the country." Madero declares this statement was made by Diaz to "go betweens" interested in restoring peace.

Mazatlan in Hands of Rebels.

Mexico City, May 5.—The war department advices confirm the news reported that Mazatlan, a seaport in Sinoloa, where many Americans are said to be, is held by the rebels.

EMULATE BOSTON TEA PARTY

Mob of Alaskans Dump Canadian Coal Cargo Into Sea.

Seattle, Wash., May 5.—Cable advices from Cordova, Alaska, say that a mob has boarded an Alaska Steamship company's vessel that just arrived there with a cargo of Canadian coal and begun dumping it overboard.

The action of the mob is said to be result of agitation against the importation of foreign coal into Alaska.

It is asserted that the steamship company has appealed to President Taft to send troops to suppress rioting.

Several days ago agitators are reported to have begun urging the formation of a mob to emulate the "Boston Tea Party" of colonial days, and throw the Canadian coal into the sea.

Business men of Cordova and adjoining towns started a flood of messages to President Taft, urging immediate action on the pending coal cases and protesting against forcing the people of Alaska to pay high prices for foreign coal, while the native coal lies untouched.

FREE LIST BILL IS UNDER FIRE

Hill Declares it Will Aid, Not Hinder, Trusts.

BILL TOO GENERAL IN TERMS.

Connecticut Member of House Says No Estimate Can Be Made of Revenues to Be Cut Off—Underwood Replies Real Purpose Is to Reduce Prices.

Washington, May 5.—Not since the Republican guns were unlimbered against the Democratic free list bill by Minority Leader Mann, more than a week ago, has the debate in the house developed such an attack on the measure as was made by Representative Hill (Conn.), a Republican member of the ways and means committee and one of the leading Republican advocates of the Canadian reciprocity bill.

Hill asserted that the bill devised by the Democratic leaders, removing the tariff duties from many food products and manufactured articles, was so crudely drawn and so indefinite in its terms that no estimate could be made of the revenues it would cut off or the effect it would have on business and commerce. He said that instead of $10,000,000 reduction in revenue, as the Democrats expected, it might make a reduction of $50,000,000 and that its effect upon business would be to transfer many flourishing industries to Europe.

"You intended to hit the trusts," said Hill to the Democrats; "you will wake up to find you have in fact helped the trusts; taken away the revenues of the government and put the money into the pockets of the trusts, instead of into the pockets of the people, whom you claim to be helping."

Skilled Labor Would Suffer.

Hill explained that the International Harvester Machine company, the great sewing machine companies and other great manufacturers would be able under the Democratic bill to manufacture parts of their machines cheaper abroad and bring them into this country to be assembled by cheap labor here. Mechanics and skilled labor would suffer loss of employment, he said.

He declared that the Democratic bill was so general in terms as to admit almost anything free of duty. Woolen goods, all kinds of wire, all sorts of fabrics, zinc, lead and pig iron were among the things he mentioned.

Hill practically attacked the bill for making many manufactured products free of duty, like shoes, harness, saddlery and the like, while leaving a duty against the raw materials that American manufacturers have to import. He said also that in attempting to make free of duty the bagging used to wrap up cotton bales, the Democratic bill would let in free the bagging used by the fertilizer trust; the cement mills of the United States Steel corporation and other monopolies, which would give no corresponding reduction in prices to consumers.

Chairman Underwood of the ways and means committee interjected that Hill's whole argument was from the standpoint of the American manufacturer; that the bill's real purpose was to reduce prices and the cost of living for the American people. Hill said that the reduction would in almost every case be taken up by the big corporations that control the markets. The speech was enlivened by many interruptions and much partisan comment from both sides of the house.

Battle Over Lorimer Case.

Preliminaries of an impending battle between senators who want a special committee of new senators to conduct a reinvestigation of the Lorimer case and those who want the whole question of a second investigation referred to the standing committee on privileges and elections were begun in the senate.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Maryville People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles and dropsy follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the safe remedy, Doan's Kidney Pills, which has cured people right here in Maryville.

T. J. Clayton, South Dewey street, Maryville, Mo., says: "I suffered from pains in my back for some time and I was also bothered by irregular passages of the kidney secretions. Learning of Doan's Kidney Pills, I procured a supply at Charles A. Love's drug store and upon using them I was relieved. During the seven years that have since elapsed I have remained practically free from kidney trouble."

Boliver, black jack, with white points, 14 hands high, weighs 900; 7 years old; will make season at same place.

TERMS: $10 to insure colt to stand and suck. Will not be responsible for accidents, but care will be taken to prevent any. Colt to stand good for service of horse. Parting with or removing mare from neighborhood forfeits insurance except by permission.

JAS. M. DANNER.

Dear People:-

My name is "Lou." I've had long experience in buying furniture and things for the home.

I have a young friend by the name of "Amy" who wants me to keep her posted on where to buy things for her home.

While I am about it I might as well publish my letters in your paper here. I have no secrets. I will tell you lots of things you ought to know about furnishing your home. See my letter to "Amy" each week.

Believe me,

Faithfully yours,

Lou.

The Maryville Conservatory of Music

offers advantages in the study of music not surpassed by schools in the larger cities. Possibly the most important period in a child's musical education is the beginning. In this school there are teachers who have prepared themselves for this very work and they have had most excellent experience under one of the leading piano teachers of the state. Pupils from the country will be accommodated in every way possible, lessons missed on account of the weather or ... always be made up. The tuition is according to the grade, enabling beginners to start at small cost. Five teachers in piano, two in voice. Send for catalog or call at any time.

Saving money is like

planting your garden

WHEN you plant money in the bank you expect it to bring you a harvest of profit and pleasure---same as your garden.

And like the produce of your garden it grows best with careful attention—till it becomes a harvest—a fortune. Now is "planting time." Think it over.

BRITISH PLAN FOR SICK INSURANCE

David Lloyd-George Presents Scheme to House of Commons.

London, May 5.—David Lloyd-George reappeared in the house of commons, being present for the first time since his physical breakdown. He introducted the long promised plan of state insurance against unemployment, sickness and invalidity.

The chancellor divided his plan into parts, one dealing with sickness and the other with unemployment. By the provisions of the measure every worker whose annual earnings fall below the income tax level of £160 sterling will be insured against illness, so as to assure him the receipt of 5 shillings ($1.20) per week during his incapacity. Toward this the worker would contribute about one-half, the same being deducted from his wages, while the balance would be paid jointly by his employers and the state.

The weekly assessment against the insured would be 8 cents in the case of a man and 6 cents for a woman. Everyone in the class mentioned between the ages of sixteen and sixty-five is included in the plan.

Mr. Lloyd-George estimated that his plan would affect 14,700,000 men and women.

The state would also help in the crusade against consumption, providing $7,500,000 to aid local authorities in building sanitariums and $5,000,000 toward their maintenance.

SENATOR KITTREDGE IS DEAD

Prominent South Dakota Man Succumbs to Chronic Trouble.

Hot Springs, Ark., May 5.—Former United States Senator Albert Beard Kittredge of Sioux Falls, S. D., died here of liver and kidney trouble. He had been unconscious for forty-eight hours.

Senator Kittredge's body will be taken to Kent, N. H., for interment in the family burial grounds. The senator's brother and sister and other relatives and friends, who have been by his bedside for the last week, will accompany the body.

Big Boned Poland Chinas

Am now offering for sale a few choice boars and gilts of last September and October farrow. They are sired by my great boar, Pawnee Pete, who was 2 years old April 3d, and weighs over 800 lbs. in rather thin flesh, and has 11-inch bone. These pigs have extra heavy bone and great length, are in fine thrifty growing condition (not fat), and weigh from 180 to 250 lbs. Write me for prices, and please mention this paper.
